

# GUNNEDAH *Community* STRATEGIC PLAN

A Community Strategic Plan brings community groups and other tiers of Government together, so we're all working toward a shared vision for the future of our community.

Four years ago Council worked alongside the local community to develop our Community Strategic Plan. Since then, our community has seen many changes and it's time to take stock, see if we're on the right track and update the plan.

Now is the time to have your say. We want to hear from all community members so that we can understand your priorities and ideas for the Gunnedah Shire, now and into the future.

## WHAT IS THE COMMUNITY STRATEGIC PLAN?

The Community Strategic Plan is the highest level of strategic document of Council, identifying the community's priorities that guide Council's direction over 10 years.

It identifies the themes and broad adjectives relating to key issues facing the Gunnedah Community.

## WHY HAVE A COMMUNITY STRATEGIC PLAN?

The NSW Government requires all NSW councils to produce an Integrated Planning and Reporting Framework to ensure Local Government operations and strategic plans are meeting the needs of the community.

The Community Strategic Plan will provide an overall 10-year vision for this framework. This time around, we're just doing a 'pulse check' to see if we're on the right track.

## WHAT HAPPENS ONCE I'VE GIVEN YOU MY IDEAS?

Once we've collated responses from the whole community, Council will take all feedback into consideration and apply a balanced approach to prioritising the aspirations of the Gunnedah Shire Community.
